Bank Draft

Eliminate check writing and postage! Your monthly water and sewer charges will be automatically deducted from a bank account designated by you. It's safe, secure and convenient.

E-Bill

Visit the Anniston Water Works website at www.awwsb.org. Click on the E-Bill link and then click on "Enroll Now" and follow the steps to set up your account for E-Bill.

If you have any questions contact Customer Service at (256) 241-2000.

Whether you are considering bank draft as a form of payment or not, one thing that you should make it a point to do is add someone to your account to speak for you in the event you cannot speak for yourself. This will make it much easier for those that are charged with taking care of your affairs when you can't. Privacy laws restrict who we can talk to about your account unless they are listed by you.

Another thing you can do as you sign up for bank draft is to update your telephone number. This will allow us to contact you in the event of an emergency.

Consider a Service Line Warranty account for water and sewer line protection as an enhancement for your home property and your home pocketbook. See information below.

Don't forget to call 811 before you dig. You never know what may be in the ground.
