

THE WATER WORKS & SEWER BOARD OF THE CITY OF
ANNISTON

ADDENDUM NO. 2

30 INCH INTERCEPTOR SEWER
REHABILITATION PROJECT
PIR NO. 5924

The following modifies, amends, and changes the Contract Documents and Specifications for the above-referenced project.

1) Question: Do you guys have video of the 30" pipe that will be lined in your upcoming project? If so, would it be possible for you guys to post them on the website?

Answer: Yes, however the video we have is dated and would not be an accurate representation of the current state of the interceptor main. Also it is likely that the video would be too large to post on our website.

This Addendum shall be attached and made a part of the Contract Documents and Specifications.
